Full Job Description

Family Nurse Practitioner

Newcap, Inc.

Marinette and Northeastern Wisconsin

Summary of the Role

We are seeking to add a professional, loyal, and knowledgeable Family Nurse Practitioner who is energetic, enthusiastic, dedicated and will give 100% to the job, our organization and those we serve. The Family Nurse Practitioner will provide family centered, effective, efficient, and appropriate services to the patients of Newcap in order to serve the community's healthcare needs.

You will not be bored with us! This individual must demonstrate strong problem-solving skills, have the ability to multi-task, effectively communicate with our internal and external customers and office personnel, have the ability to professionally represent our agency, and have a sense of humor because while we take what we do seriously, we love to laugh at ourselves. Well, and each other.

Why Join Newcap?

Newcap, Inc. is a private non-profit Community Action Agency whose mission since 1965 is to move people from poverty to opportunities and economic security while enhancing community development. This means you not only make a living, but you get to do good too. If you have ever wanted to make a difference every day, this is the place for you. Equitable and quality healthcare should not be determined by the amount of money you make.

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community, and we are dedicated to helping people help themselves and each other.

Essential Duties and Responsibilities of a Family Nurse Practitioner

- Provide family centered healthcare that encompasses the wellbeing of the entire family.
- Provide care to individuals across the lifespan.
- Perform physical exams
- Ordering, administering, and analyzing diagnostic tests.
- Monitoring and operating medical equipment.
- Diagnosing health issues.
- Administering medicine and other treatments including on site contraception.
- Assist in performing minor surgical procedures in the office setting
- Detecting changes in patients' health and modifying plans, as needed.
- Consulting with healthcare professionals and families.
- Training patients and their families to manage and focus on prevention of illness and injury.
- Be reliable, dependable, prompt, organized, detail oriented and ability to work well with minimal supervision – in short, just like you would want your team to be.
- Be pleasant, professional, and courteous – just what you would expect from others
- Show respect and treat all people with dignity – of course, right?
- Be flexible and able to adapt to different situations – because every day is a brand new day!
- Communicate effectively and openly.
